Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the final office action mailed July 31, 2002, please amend this application as follows:

IN THE CLAIMS:

Please amend claims 3, 4, 6, 17, 18, 23-25, 27, and 28 as indicated. Please cancel claims 1, 2, 16, 22, and 26 without prejudice.

- 1                   3. (Amended) A method of buffering an input signal comprising:  
 2                   receiving the input signal, wherein the input signal alternates between a  
 3                   first polarity and a second polarity;  
 4                   generating a first current, wherein the first current is proportional to the  
 5                   input signal when the input signal has the first polarity, and approximately equal to zero  
 6                   when the input signal has the second polarity;
